CASTRIES

Dear Sir

This is to acknowledge with thanks receipt of your letter of January 07th, 2005 informing me of the progress of the Emergency Medical Technology Training Programme and to congratulate you for undertaking such an important initiative.

The Ministry fully endorses and appreciate such a programme which would complement the Ministry's thrust in the Emergency Medical Services.

My Permanent Secretary will be in touch with you with regard to your request for the students to undertake a familiarization tour of the Ministry of Health's Class II Type Ambulance which is based at the Gros Islet Polyclinic and also Emergency Room Clinical Observations at various hospitals on the island.

Yours faithfully

**DAMIAN E. GREAVES

Dear Mr. Herman,

We are excited that we have completed the formation of an educational agreement/MOU between Good Fellowship Ambulance Service and Emergency Training Institute and the Center for Emergency Medical Services Education (CEMSE). This agreement will promote excellence in EMS Education and improve patient care for the citizens of Saint Lucia.

To further the patient care experiences of your students, the Good Fellowship Ambulance and Emergency Training Institute offers them the opportunity to travel to Good Fellowship Emergency Training Institute and attend hospital clinical/observations rotations as well field internship ride time schedules.

I estimate that Good Fellowship can begin accepting your students for clinical and field internships/observation experiences beginning at the commencement date of the Memorandum of Understanding (MOU).

Should you have any questions please contact me at any time.

Sincerely,

Jerry L. Peters BS, NREMT-P

West Indies

Dear Mr. Herman,

It is with great pleasure, now that the Memorandum of Understanding (MOU) between Pasco-Hernando Community College (PHCC) and the Center for Emergency Medical Services Education (CEMSE) has been approved, that PHCC accepts your invitation to visit St. Lucia for the purpose of evaluating and assessing the Center's EMT students in accordance with the standards for the National Registry of Emergency Medical Technicians (NREMT). Pasco-Hernando Community College would also like to extend an invitation to Mr. Herman and other CEMSE representatives to visit our College for the purpose collaboration and curriculum development for the EMT program in St. Lucia. We would also welcome EMT students from St. Lucia to participate in a field observation rotation with the clinical component of PHCC's EMT program.

We look forward to our new partnership and the mutual learning opportunities each have to offer.

Please do not hesitate to contact me if you need any further information.

Kind Regards,

Jayme Rothberg

Dear Mr. Herman,

As per our previous discussion, I have listed the key points of the Memorandum of Understanding (MOU) between the Center for Emergency Medical Services Education (CEMSE) and the Pasco-Hernando Community College Emergency Medical Services (EMS) Programs.

1. Evaluate and assess the Center's EMT students in accordance with the standards for the National Registry of Emergency Medical Technicians (NREMT) on an annual basis.
2. Assist with curriculum development and program collaboration.
3. Provide a field observation experience with PHCC's EMT program.
4. Maintain open lines of communication between programs, on a quarterly basis, or as needed.
5. Issue a Certificate of Completion for each student successfully passing the assessment and evaluation examinations performed by PHCC faculty.

Please let me know if you need any further information. I look forward to our current and future partnership in providing these educational opportunities.

Kind Regards,

Jayme Rothberg
