SELECTION/ACCEPTANCE INFORMATION

After the admission requirements/tests have been evaluated, you will be notified by Phone, e-mail and formal letter of your acceptance. Only applicants who submit a completed application with supporting documentation and take the course readiness testing will be considered.

Applicants will be selected by their score on the EMT readiness exam and a point system. Points are awarded for complete application, completed pre-requisites, work experience and service to the community, etc.

GENERAL REQUIREMENTS FOR ADMISSION TO EMT PROGRAM

1. The applicant must be at least 18 years of age.
2. The applicant must have a high school diploma, 5 CXC Subjects including 3 sciences or equivalent or sixth standard education evidenced by certificate with at least 3 years working experience.
3. The applicant must apply for admission to CPHEMS through the Enrollment Services Office and complete all admission requirements. International students have additional forms and documents to submit as indicated in the current CPHEMS catalog.
4. Applicant must be college-ready in English and Reading, which means the applicant does not need developmental education courses in English and reading. The applicant must be eligible for at least Level 2 developmental math. This requirement may be satisfied by one or more of the following options: Post Postsecondary Education or other college placement scores accepted by CPHEMS, completion of developmental education courses, or completion of at least one general education math.
5. Applicant must have also completed one of the following:
 - Approved college-level ASHI first aid course ([FA-ASHI100](#))
 - Approved Emergency Medical Responder course ([EMSR 101](#))
6. The applicant must be **currently certified in American Safety and Health Institute (ASHI) or American Heart Association (AHA) BLS for Health Care Providers**
7. The applicant must submit an EMT admission application online, by the published admission deadline. Only completed applications with supporting documents turned in prior to the EMT readiness exam will be considered.
8. The applicant who is already EMT Certified and applying to the program **must report for testing on the date given in the “Important Dates” document.** During testing the applicant will be expected to:
 - a. Demonstrate ability to lift 125 pounds alone and 250 with assistance.
 - b. Complete a course-readiness test based on information from the prerequisite course. A minimum score of 80 must be achieved to be considered for acceptance into the program. Bring a number 2 pencil.
9. Attend additional required intake and orientation courses and/or meetings as outlined later in the application packet.

FINANCIAL AID

Questions regarding financial aid should be directed to the Program Director's Office. **DO NOT WAIT UNTIL ACCEPTANCE INTO THE PROGRAM.** This office is in the Life Flight Services St. Lucia Headquarters Building, Sans Souci, Castries. Tel. 758-758.485.3911

Students may also qualify for financial loan assistance through **Saint Lucia Development Bank**, a locally established bank.

COMMENTS

Even though the training center makes extensive efforts to protect students enrolled in the healthcare programs from various hazards involved in working with patients, total protection from all potential hazards are not possible.

Students should, therefore, enroll with this understanding and with the intention to assume responsibility also for their own safety. The training center, the program, the faculty and the staff are not responsible for the injury or disease exposure that the student may incur during the program as a result of their **PERSONAL NEGLIGENCE**.
